

## SPONSORSHIP OPPORTUNITY WITH THE CALGARY INTERFAITH COUNCIL

All world religions invite us to welcome strangers and love our neighbours. Over the next year, the [Calgary Interfaith Council](http://calgaryinterfaithcouncil.org) is exploring this theme from the richness of our diverse faith traditions, within the reality of living in particular neighbourhoods in Calgary.

We are all aware of how the experience of difference can slide into racism and ethnocultural/religious divides. The intention of CIC is to activate ourselves and our friends to explore diversity in our neighbourhoods as a source of vitality and connection.

We are also aware that loneliness and social isolation are a huge challenge post pandemic. The CIC is glad to use our networks to invite people into new and renewed connections with each other.

We are animating our journey from strangers to neighbours through three signature events. By sponsoring the Calgary Interfaith Council, you are aligning with neighbourhoods and communities that are connected and inclusive, where there is belonging and possibility:
